

**OHIO PUBLIC HEALTH
COMBINED CONFERENCE**
May 14-16, 2018

DoubleTree Hotel, Columbus/Worthington

Sponsored by:
The Ohio Public Health Partnership
Association of Ohio Health Commissioners
Consortium of Eastern Ohio Master of Public Health
Ohio Association of Boards of Health
Ohio Department of Health
Ohio Environmental Health Association
Ohio Public Health Association
Ohio Society for Public Health Education
The Ohio State University, College of Public Health

Taking It To The Streets – Connecting With The Community

May 14 - 16, 2018

Conference Goal:

Taking it to the Streets: Connecting with the Community.

Overall Conference Objectives:

1. Describe the various opportunities for public health professionals to connect with communities to improve health for Ohioans (e.g., addressing the opioid epidemic, strategies to connect with communities, collaborations between clinical and community health initiatives, providing culturally humble care to the LGBTQ community).
2. Explain how community-level concerns (e.g., infant mortality, suicide, firearm injuries) are pertinent to the participants particular work situation.
3. Discuss the impact of new regulatory and legislative measures, particularly as related to the participant's public health practice.

PRELIMINARY AGENDA- Monday, May 14

- 12:30 p.m. **Welcome and Introductions**
Paul DePasquale, MPA, RS, Director of Environmental Health & OEHA
President
- 12:45 p.m. **APHA, Affiliates responding to and shaping Public Health – Health Equity, Workforce, Emerging Challenges and Opportunities**
Joseph Telfair, PhD, President American Public Health Association
- 1:45 P.M. **The Opioid Epidemic in Ohio: How did we get here? Where are we going?**
Mark Hurst, MD, Medical Director, Ohio Department of Mental Health and
Addiction Services
Dr. Naomi Adaniya
- 3:15 p.m. **Break**

- 3:30 p.m. **An Intervention for Hocking County's Opioid Epidemic**
Amber Moore, BS, Student Research Assistant, The Ohio State University, Madeline Drenkhan, Student, The Ohio State University
Vikas Munjal, B.S., student, the Ohio State University
- 4:00 p.m. **Addressing the Needs of Opioid Dependent Pregnant Women and Their Infants in a Rural Setting**
Joe R. Gay Ph.D., L.I.C.D.C., Former Executive Director, Health Recovery Services Inc.,
Rick Massatti, PhD, MSW, MPH, LSW, Ohio Dept. of Mental Health & Addiction Services
- 4:30 p.m. **All Speaker's questions/answers and evaluations**
- 5:00-6:00 p.m. **Ohio Papers**
Amy Lee, MD, MPH, Professor, Northeast Ohio Medical University
- 5:00-6:30 p.m. **Reception**
- 6:30 p.m. **Adjourn**

TUESDAY MAY 15, 2018

- 9:15 a.m. **Opening Remarks & Update on Public Health in Ohio**
Lance Himes, Director, Ohio Department of Health
- 10:00 a.m. **Connecting with Communities: What's Working**
Attica Scott, MS, Community Coach, County Health Rankings & Roadmaps
- 11:15 a.m. **Student and Faculty Posters & Academic Reception**
Moderator: Amy Lee, MD, MPH, Professor, Northeast Ohio Medical University

11:30 a.m. **Lunch**

12:30 p.m. **Concurrent Sessions I**

- A. Student Oral Presentations – Presenters and topics to be announced
Amy Lee, MD, MPH, Professor, Northeast Ohio Medical University

- B. "Community Overdose Action Team - A Collective Impact Response to
the Opioid Crisis"
Jeffrey A. Cooper, MS, Health Commissioner, Public Health-Dayton &
Montgomery County

- C. "A Quantitative and Qualitative Review of Integrating Care Across
Systems"
Megan Bush, LISWS EMBA, Chief Officer, Summit County, Coleman
Professional Services

- D. "Infant Mortality: Why does Ohio have such disparities?"
Patricia T. Gabbe, MD MPH, Founder: Moms2B; Clinical Professor of
Pediatrics at Ohio State University and Nationwide Children's Hospital

- E. "Between the Sheets: Bed Bugs from the Public Health Perspective"
Courtney S. Myers, RS, District Programs Coordinator, Stark County
Health Department

- F. "Medicaid Managed Care: Humpty Dumpty Was Pushed, or Was He?"
D.J. Sam Chapman MPH, RN, Consultant and Advocate, Chapman
Enterprises, INC
Debbie Wright, MS, APRN, Assistant Health Commissioner/Director of
Nursing, Franklin County Public Health

1:45 p.m. **Break - View Exhibits – Networking**

2:00 p.m. **Concurrent Sessions II**

- G. "Improving Population Health through Healthcare Interventions and
Community-Clinical Linkages"
Michele Shough, Chronic Disease Director, Ohio Department of Health
Nicole Smith, MPH, CHES, Chronic Disease Program Consultant, Ohio
Department of Health

Lori Assad, MPH, LD, RD, Communities Preventing Chronic Disease
Program Manager, Summit County Public Health

- H. “Public Health- Primary Care Collaboration to Improve Community Health
in Ohio”

Ted Wymyslo, MD, FAAFP, Chief Medical Officer, Ohio Association of
Community Health Centers

- I. “Where Are We in 2018: Trying to Understand the Current Health Policy
Realities”

William D. Hayes, PhD, Director, Healthcare Reform Strategy, OSU
Wexner Medical Center

- J. “Implementing a Sewage Treatment Systems Operations and
Maintenance” Tracking (O & M) Program: Building Partnerships”
Rachel L. Townsend, RS, Residential Water and Sewage Program
Manager, Ohio Department of Health

- K. “Reproductive Health: Advocacy on the Streets or Activism in the
Courts?”

Adarsh E. Krishen, MD, MMM, FAAFP, Chief Medical Officer, Planned
Parenthood of Greater Ohio

Iris E. Harvey, Ed.S., MBA, President and CEO, Planned Parenthood of
Greater Ohio

- L. “Public Health Nurses' Role in Emergency/Disaster Shelters-A Guidance
Whitepaper”

Rick Roush, Emergency Preparedness Coordinator, Union County
Health Department

Heather Hertzels, MPH, Public Health Associate, Centers for Disease Control
and Prevention

3: 45 p.m. **The Practicing Physician's Role in Public Health**

Robyn F Chatman, MD MPH FAAFP CPE CPHIMS CHEP, Chief
Medical Officer, The Health Experiences

5:00 p.m. **Evaluations**

5:15 p.m. **Adjourn**

9th Annual OPHA “Celebrate Public Health” Awards Dinner
J Liu Restaurant, 6880 N High St., Worthington

Shuttle Service will be provided; meet in the lobby by 5:30p.m.
Social Time and Cash Bar begins at 5:30 p.m.
Awards Dinner and OPHA Annual Meeting begins at 6:30 p.m.

Reservations may be made by going to
<https://ohiophya.org/event-calendars/ophya-events/>

You may either register and pay online or you can download the form and mail it in with your payment. Cost is \$47.50 and no-shows will be invoiced for this amount. Substitutions are permitted.

You do not need to be an OPHA member to attend! Come join the fun!!!

Wednesday May 16, 2018

7:00 a.m. Fun Run – Walk – Meet in the hotel lobby! 8:00 a.m.
Registration – Breakfast

8:00 a.m. AOHC District Meetings and OPHA Section Meetings
(optional for OPHA)

9:15 a.m. Concurrent Sessions III

- M. “Multiple Partners: A Healthy Choice?”
C. William Keck, MD, MPH, Professor Emeritus, Department of Family and Community Medicine, Northeast Ohio Medical University
- N. “Ohio’s Progress with Health Information Exchange and Data Sharing”
Brian Fowler, Chief Data Officer (CDO) & Chief, Bureau of Informatics and Data Management, Ohio Department of Health
- O. “Hiring Community Health Workers (CHWs) to address the needs of Ohio's changing populations”

Nita Carter, MA, LSW, Executive Director, Ohio Public Health Association
Joshua Scakacs, Director of Community Health Worker Development, Athens City-County Health Department,
Roxann Payne, B.A., SWA, Manager- Urban Health, Mount Carmel Health System
Ella Thomas, Health Care Access Now

- P. “FVRx- An Innovative Approach to Preventing Diabetes”
Elizabeth Curry MS, RD, LD, Public Health Nutritionist, Ohio Department of Health
Sarah Ginnetti, RD, LD
Julia Hansel, RD, LD
Casey Smith, MPH, CHES, Health Education Specialist, Public Health - Dayton & Montgomery County
Haley Riegel, MPH, CHE, Public Health - Dayton & Montgomery County
- Q. “Leveraging Performance Management to Improve Health Outcomes”
Greg Chumney, RS, REHS, MPH, Environmental Health Program Manager, Licking County Health Department
- R. “Marijuana is NOT Medicine”
Steven C. Matson, MD, Associate Professor of Pediatrics, Nationwide Children's Hospital/The Ohio State University College of Medicine

10:30 a.m. **Break**

10:45 a.m. **Concurrent Sessions IV**

- S. “Firearm Injuries - A Pediatric Surgeon's Perspective”
Jonathan I. Groner MD, Trauma Medical Director, Nationwide Children's Hospital
- T. “Who Let the Dogs Out?”
Garrett Guillozet, MPA, RS/REHS, AEMT, Supervisor, Food Safety Program, Franklin County Public Health
- U. “Profile on Ohio's New Americans: A Northeast Ohio Case Study”
Michael Byun, MPA, CEO, Asian Services in Action
- V. “Providing Culturally Humble Care to the LGBTQ Community”

Julia M. Applegate, MA, Director, Institute for LGBTQ Health Equity at Equitas Health

- W. “Portage County Nutrition Education Initiative: A Community Collaborative Effort”
Natalie Caine-Bish, PhD, RD, LD, Associate Professor, Kent State University
- X. “Suicide Prevention and Enhancing Care for Suicidal and Mentally Ill Patients”
John Pestian, PhD, MBA, Director of Computational Medicine, Professor of Pediatrics Psychiatry and Biomedical Informatics, Cincinnati Children’s Hospital Medical Center, University of Cincinnati
Gary Ellis, WPAFB Suicide Prevention Program Manager, United States Air Force

12:00 p.m. **Lunch**

12:30 p.m. **Climate Change Resiliency in Local Public Health**
Jennie McAdams, MPH, Health Promotion and Community Engagement Supervisor, Franklin County Public Health

1:00 p.m. **Plenary: Blue Zones: Secrets of a Long Life**
Nick Buettner, Community and Corporate Program Director, Blue Zones, LLC

2:15 p.m. **Evaluations**

2:30 p.m. **Adjourn**

.....

CONTINUING EDUCATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of Ohio State Medical Association through the joint providership of St. Rita’s Center for Continuing Education (SRCCE) and Northeast Ohio Medical University. SRCCE is accredited by the OSMA to provide continuing medical education for physicians. SRCCE designates this live activity for a maximum of **16.25 AMA PRA Category 1 Credit(s)[™]**. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.

The Ohio University Heritage College of Osteopathic Medicine is accredited by the American Osteopathic Association to provide osteopathic continuing education for physicians. The Ohio University Heritage College of Osteopathic Medicine designates this program for a maximum of 17 credit of AOA Category 2-A credit and will

report the CME and specialty credits commensurate with the extent of the physician's participation in this activity.

Consortium for Health Education in Appalachia Ohio (CHEAO) is an approved provider by the Ohio Nurses Association an accredited approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. (OBN-001-91) (OH-049, 10/1/2020).

Hopewell Health Centers, Inc. is a provider of CPEs for Counselors and Social Workers for the Ohio Counselor, Social Worker and Marriage and Family Therapists Board. Provider number is RCS070803. This program has been approved for 17 Credit Hour.

This program has been approved by the Ohio Department of Health for 12.5 hours of RS Continuing Education.

The Ohio Public Health Association is an approved provider of continuing education for those Certified in Public Health (CPH).

Information on CHES and MCHES CEUs is forthcoming

As additional information becomes available pertaining to continuing education, that information will be updated and shared.

ACKNOWLEDGEMENTS:

1. No continuing education is being provided during the OPHA Celebrate Public Health Awards Dinner. Sponsorships have not yet been announced.
2. No continuing education is being provided during the pre-conference session presented by RAPHI on Tuesday, May 15.

PHOTOGRAPHY – There will be photography and videotaping throughout the conference. If you do not want to be photographed or videotaped, please see one of the staff at the conference registration desk to discuss your options.

Complimentary wireless Internet service is available in all hotel guest rooms, throughout the hotel lobby and in the meeting rooms during the conference.

Note – Dress for the conference is business/business casual. Please note that it is often difficult to regulate the temperature in the educational sessions to everyone's satisfaction. You are advised to consider your own comfort and dress in layers.

SESSION OBJECTIVES:

Taking it to the Streets: Connecting with the Community.

Overall Conference Objectives:

1. Describe the various opportunities for public health professionals to connect with communities to improve health for Ohioans (e.g., addressing the opioid epidemic, strategies to connect with communities, collaborations between clinical and community health initiatives, providing culturally humble care to the LGBTQ community).
2. Explain how community-level concerns (e.g., infant mortality, suicide, firearm injuries) are pertinent to the participants particular work situation.
3. Discuss the impact of new regulatory and legislative measures, particularly as related to the participant's public health practice.

MONDAY MAY 14, 2018

Monday, May 14th, 2018

Welcome and Introduction

1. Describe the conference objectives, agenda, and plan

APHA, Affiliates responding to and shaping Public Health – Health Equity, Workforce, Emerging Challenges and Opportunities

1. Describe current knowledge and actionable recommendations specific to health equity and the public health workforce.

The Opioid Epidemic in Ohio: How did we get here? Where are we going?

1. List basic prevention strategies that anyone can use to decrease risk of opioid exposure and addiction.
2. Explain the importance of utilizing modern evidence-based practices to treat patients with opioid use disorders and give them the best chance of success.
3. Summarize current and planned Ohio efforts to decrease opioid use disorders and opioid-related fatalities.

An Intervention for Hocking County's Opioid Epidemic

1. Explain the opioid epidemic in the United States, Ohio, and Hocking County.
2. Evaluate the use of fentanyl testing strips in combatting prevalence of fatal overdoses.

Addressing the Needs of Opioid Dependent Pregnant Women and Their Infants in a Rural Setting

1. Identify challenges faced by pregnant women who are opioid dependence and be able to describe issues which are particularly acute in rural areas.

2. Name several factors which increase the probability for success for these pregnant women.
3. Define key elements of effective care for these women.

Ohio Papers

1. Describe innovative public health programs in Ohio.
2. Develop contacts for public health programs that can be duplicated by their own agency.

Tuesday, May 15th, 2018

Director Himes – Opening Remarks & Update on Public Health in Ohio – **Title & Objectives**
TBD

Connecting with Communities: What's Working

1. Develop the ability to build authentic relationships.
2. Recognize and reduce barriers to full community engagement.
3. Define a culture of health.

Faculty & Student Poster Session

1. Describe academic projects that public health professions students and faculty have recently completed.

Concurrent A. Student Oral Presentations

1. Describe academic projects that public health professions students have recently completed.

Concurrent B. Community Overdose Action Team - A Collective Impact Response to the Opioid Crisis

1. Identify the role of Public Health and the need for a collective impact response model.
2. Describe the Community Overdose Action Team structure and the response.
3. Describe the strategic directions that can be utilized to respond to the opioid crisis.

Concurrent C. A Quantitative and Qualitative Review of Integrating Care Across Systems

1. Evaluate the readiness of an environment for Integrated Care.
2. Summarize the operational and fiscal challenges in achieving sustainability of the Integrated Care model.
3. Recognize the clinical and operational value in this client-centered healthcare approach.

Concurrent D. Infant Mortality: Why does Ohio have such disparities?

1. Describe causes of infant mortality and disparities in Ohio.

2. Summarize recent research findings from statewide data analysis.
3. List examples of a successful program designed to reduce infant mortality and disparities.

Concurrent E. Between the Sheets: Bed Bugs from the Public Health Perspective

1. Identify physical characteristics of bed bugs including anatomy and stage of the life cycle, as well as feeding habits.
2. Examine the biology of bed bugs and interpret how their biology creates a challenge for pest control.
3. Evaluate the role of public health in bed bug prevention and protection.

Concurrent F. Medicaid Managed Care: Humpty Dumpty Was Pushed, or Was He?

1. Examine the health departments readiness to provide contract services for Medicaid Managed Care Plans for select populations.
3. Describe ways to market the health department as a preferred provider for nursing services for CMH clients enrolled in Medicaid Managed Care Plans.

Concurrent G. Improving Population Health through Healthcare Interventions and Community-Clinical Linkages

1. Identify at least 3 strategies that utilize linkages between public health and health care for the prevention and management of prediabetes and hypertension.
2. Identify 1-3 strategies in the State Health Improvement Plan that can be implemented through local community health improvement plans to address prediabetes and hypertension

Concurrent H. Public Health- Primary Care Collaboration to Improve Community Health in Ohio

1. Identify specific actions in your community to better integrate public health and primary care.
2. Explain the importance of collaboration to improve community health.

Concurrent I. Where Are We in 2018: Trying to Understand the Current Health Policy Realities

1. Explain proposed changes to Ohio's Medicaid program.
2. Assess the potential local impact of federal and state health policy changes enacted in 2017 and proposed for 2018.
3. Identify opportunities to influence the health care policies and regulations that are currently under review

Concurrent J. Implementing a Sewage Treatment Systems Operations and Maintenance Tracking (O & M) Program: Building Partnerships

1. Analyze their current model for enrolling existing systems into their local Sewage Treatment System Operation & Maintenance Tracking program.
2. Evaluate if there are additional partnerships that can be built to facilitate or strengthen implementation of the program.
3. Develop messaging to the various stakeholders that helps the system owners to understand the public health significance of regular maintenance of their sewage treatment system.

Concurrent K. Reproductive Health: Advocacy on the Streets or Activism in the Courts?

1. Summarize how public attitudes and advocacy can impact public policy.
2. Identify how changes in policies around reproductive health impact vulnerable populations.
3. Describe how current legislation can create adversarial provider-patient relationships

Concurrent L. Public Health Nurses' Role in Emergency/Disaster Shelters-A Guidance Whitepaper.

1. Explain the need to clearly define to public health partners the role of public health nurses in disaster shelters.
2. Describe resource type teams such as 1) Public Health Shelter Operations Assessment Team and 2) Public Health Shelter Support Team.
3. Evaluate the value of public health resource typed teams to support the following public health preparedness capabilities: 1) community preparedness, 2) community recovery, and 3) mass care.

The Practicing Physician's Role in Public Health

1. Identify opportunities for collaboration with practicing physicians.
2. Describe common goals between public health and practicing physicians.
3. List opportunities to empower patients to participate in their own health.

Wednesday, May 16th, 2018

Concurrent M. Multiple Partners: A Healthy Choice?

1. Define collaboration and assess its value in particular situations.
2. Assess their personal capacity to collaborate with others.
3. Describe the major components of successful collaborations.

Concurrent N. Ohio's Progress with Health Information Exchanges (HIEs) and Data Sharing

1. Describe recent progress and future expectations for automated data flows to public health.
2. Explain how public health is using the data received via Meaningful Use.
3. Compare and contrast Ohio's progress with that of other states

Concurrent O. Hiring Community Health Workers to address the needs of Ohio's changing populations

1. Apply strategies for engaging healthcare providers in the use of Community Health Workers.
2. Identify 3 roles for Community Health Workers.
3. Identify three challenges to hiring community workers

Concurrent P. FVRx- An Innovative Approach to Preventing Diabetes

1. Describe the structure of the Diabetes Prevention Program.
2. Define how the Fruit and Veggie Prescription Diabetes Prevention Program Pilot is leveraging community-based organizations
3. Describe how the Fruit and Veggie Prescription Diabetes Prevention Program Pilot is driving increased consumption of fruits and vegetables

Concurrent Q. Leveraging Performance Management to Improve Health Outcomes

1. Describe various elements of performance management systems.
2. Explain the value of quantitative and qualitative performance measures.
3. Recognize that utilizing and implementing performance management can improve programmatic outcomes that ultimately drive health outcomes.

Concurrent R. Marijuana is NOT Medicine

1. List the research proven positive medical outcomes of marijuana use.
2. List the negative outcomes of legalizing marijuana use for medical and recreational use.

Concurrent S. Firearm Injuries - A Pediatric Surgeon's Perspective

1. Examine firearm trauma from a public health perspective.
2. Describe weapons associated with highest risk of pediatric injury.
3. Describe environmental factors associated with highest risk of pediatric injury.

Concurrent T. Profile on Ohio's New Americans: A Northeast Ohio Case Study

1. Define the terms refugee and immigrant and the process of how refugees and immigrants arrive to the United States.
2. Determine the key health issues affecting the refugee community.
3. Analyze the key local and federal policy issues affecting refugees and immigrants.

Concurrent U. Providing Culturally Humble Care to the LGBTQ Community

1. Define the concepts of health disparity and health equity.
2. Identify specific health disparities experienced by LGBTQ community.
3. Identify tools for the provision of culturally humble and structurally competent care to the LGBTQ community.

Concurrent V. Portage County Nutrition Education Initiative: A Community Collaborative Effort

1. Identify potential successful collaborations between university faculty and community agencies.
2. Plan nutrition education programming with measurable outcomes.
3. Recognize the importance of collaboration with the university setting to create successful cost-effective, measurable programs.

Concurrent W. Enhancing Clinical Decision Support with Machine Learning & Artificial Intelligence: Caring for the Suicidal and Mentally Ill Patients. Suicide Prevention in the USAF

1. Describe the strengths and weakness of using artificial intelligence and natural language processing in clinical care.
2. Understand an organization's readiness to adopt this technology, and how far it can be generalized.
3. Describe military specific interventions geared towards suicide awareness and prevention.

Concurrent X. Suicide Prevention and Enhancing Care for Suicidal and Mentally Ill Patients

1. Identify common public health issues surrounding the allowance of dogs on patios.
2. Analyze and discuss current trends regarding various legislation across the country and how it has impacted the proposed legislation in Ohio.

Climate Change Resiliency in Local Public Health

1. Describe public health climate change efforts in Ohio.
2. Apply models and lessons learned in their own community regarding climate change.

Blue Zones: Secrets of a Long Life

1. Identify the healthy behaviors and lifestyle characteristics from five cultures of longest-lived people and understand how they influence that population's longevity.
2. Describe ideas on how to implement these behaviors and characteristics into their own lives and those with whom they have contact such as clients, customers, family and friends.
3. Recognize strategies from community-wide public health initiatives that get the community and citizens to adopt permanent changes to their environment, policy and social networks and help nudge them into healthier behaviors with significant outcomes.
